

# level sensor tester GPR 4

**Part no. 62301**

**level sensor tester**

**benefits**

- for fast and easy function tests
- Battery operation
- signal lamp indicates errors

## Application

For fast and easy electrical function tests of level sensors. For use with storage tanks for fuel oils, lubricating oil or paraffinic fuels and diesel fuels. Not permitted for use in hazardous areas and not for level sensors which are installed in tanks containing hazardous media.

## Description

Simple level sensor tester with connector, suitable for all level sensor fittings. A signal lamp indicates function or error. Battery operation. Delivery with battery and level sensor connection fitting, also suitable for level sensor with brass fitting.

## Technical Specifications

**Operating temperature range**
Ambient: 0/40 °C
Storage: -10/+60 °C

**Weight**
344 g (incl. GWG level sensor connection fitting)

**Dimensions**
W x H x D: 70 x 123 x 34 mm

**Degree of protection**
IP 30 (EN 60529)

**Connection level sensor**
0.8 m connection cable with coupling socket 903

**Supply voltage**
2 x 9 V monobloc battery (PP3)

**Scope of delivery**
- level sensor tester
- coupling socket 903
- Battery
