

pressure transmitter CAPBs® sens PT 86

Part no. M090273510

pressure transmitter CAPBs® sens

Application

Pressure tests of oil pipes
Pressure tests at surface heating systems
Tightness tests/strength tests of drinking water installations as per ZVSHK
Pressure loss test
Pressure test at pipe systems
Stress pressure test at pipe systems

Description

Pressure transmitter for measurements in liquids and corrosive media (PT 70) as well and non-corrosive media and liquids (PT 85/86).

Technical Specifications

Dimensions
W x H x D: 42 x 99 x 35 mm

Weight
107 g

Measuring range
-20/+20 bar

Resolution
1 mbar

Hose connection
2 Connection piece DN 2.7
